SEASONAL TRAIL and ROAD UPDATE – May 8, 2010

Trails:

For the week of May 14 – May 21, Cow Creek is now the sole trail open at Greenhorn. A couple more trails in Adams Gulch are open or partially open (see list below). Look for additional updates to this report throughout this weekend and upcoming week as warm dry weather may allow additional trails in Fox Creek and Adams Gulch to be opened.

If you encounter wet or muddy patches of trail ride or walk through the center of them, this keeps the trail from growing wider, Thanks!
